

CLEANER (WATER BASED) CDL-07.009

Characteristics:

Water-based cleaner designed for removing grease, oils and silicones and preparation of plastic surfaces. It is to be used before and after sanding.

Technical data:

VOC content: 2004/42/II B(a)(200) 180

Shelf-life: 36 months Density: 0,96 g/cm³ Colour: milky

Application

Cleaner is ready for use.

Mix thoroughly before use. Soak a dry cloth, wash the surface of 0,5 m² and immediately wipe off remains with other dry cloth. Cleaner should not dry on the surface being treated.

Note: Some primers 1K may react with cleaner. In this case ensure good flash-off of the surface before repair so that no solvent particles remains. Otherwise remove the damaged coating before application of the new paint system.

Storage and transport:

Protect from frost, heat, sunlight and moisture. Store tightly closed in a dry and cool place.

Required storage temperature: +5 to +35°C
